Tratamiento de los errores ortográficos.

One of the language skills that is assessed in Bilingual coursework is language accuracy and control - what can also be described as "correctness". Although some errors may not affect exam marks significantly, systematic repetition of basic errors will, and may even lead to a fail mark.

The following basic errors are well below the language level we are working on in class (Upper-Intermediate, B2 CEF). It is strongly recommended that you study the list and make sure you do not make these mistakes repeatedly, otherwise you can be penalized -0,20 for each basic mistake in the final exam.

- 1.- Using modal verbs with a full infinitive, e.g. *You should to tell her the truth.
- 2.- Sentences without a subject (noun or pronoun), e.g. (You) *Shouldn't listen to her.

- 3.- Wrong use of possessives pronouns and determiners. E.g. *She should think about your own future.
- 4.- Wrong use of personal pronouns: him / her / he / she. E.g. *Give it to she.
- 5.- Wrong concordance subject-verb, especially 3rd person singular Present without -s.
- 6.- Wrong use of auxiliaries. E.g. *She don't can speak French.
- 7.- Adjectives after (not before) nouns, e.g. *A house big.
- 8.- Writing *"I'm agree" instead of "I agree".
- 9.- Making "plural" adjectives, when they are invariable. E.g. *She has differents ideas.

The oral communicative skills will be assessed through presentations in class.

The written communicative skills will be assessed through the production of projects written in English.

Those students who do not take active participation in the planning, development and implementation of the different tasks and projects, either in the classroom or outside, will have to do them individually.
