The Practicum is graded according to the article five of Royal Decree 1125/2003. The grading system is based on the numerical scale of 0 to 10, with expression of a decimal, to which is added the corresponding qualitative grade: 0 – 4 Fail (F); 5.0 - 6.9: Pass (P); 7.0 - 8.9: Very Good (VG); 9.0 - 10: Excellent (E); 10: Outstanding (O).

6.2- Assessment techniques

Technique	Description	Weighing
Training	School Assessment Form The school tutor fills in a questionnaire that assesses different aspects of the students' training in the centers, in a scale from 1 to 10.	40%

	The personal Interview and tutorials: the professor will assess the compliance with the tutorials established by the tutor for the supervision of the students' training and the oral presentation about their Placement period.	20%

6.3. Assessment criteria

Related to the training center:

If the placement center considers that the work carried out by the student during the Placement period deserves a failing grade, the student fails the whole subject and must repeat the Placement period.

Related to CES Don Bosco tutor:

If the professor (CES DB tutor) considers that any of the documents or papers required to the student is inadequate or deficient, correction may be asked to complete the paper without having to repeat the Placement period whenever that can be fulfilled in the any of the two calls of the same academic year.

Depending on the reasons why the student has to redo the paper, there is the possibility of handing it in just on the first call of June or on the second call in July of that same academic year.

It will be enough reason to obtain a failing grade in the Teaching Placement whenever the Placement report does not meet the proposed structure or contains spelling and grammar mistakes and is written in an incomplete or incorrect way. They will also get a failing grade in the case of plagiarism.
