Therefore, students will have to get at least a 50% so that the partial mark obtained in this assessment technique can be added to the final mark. In other words, it is necessary to obtain at least 1 pt. out of 2	20%

6.3.- Criterios de Evaluación

GENERALES:

- Para obtener la nota final aprobada, es necesario alcanzar al menos el 50% de la puntuación máxima en cada una de las técnicas de evaluación.
- Para la cita y referencia de fuentes de información de los trabajos académicos, los alumnos deben seguir las recomendaciones de las normas APA 7ª ed.
- El plagio en los trabajos y los intentos de engaño en los exámenes supondrá para el alumno la pérdida de la convocatoria en curso.
- Errores ortográficos en todas las técnicas de evaluación. En esta asignatura se concretan de la siguiente manera:

Students will take into account general and common evaluation criteria, applied in others subjects as well:

- Plagiarism in any course task and the attempts to cheat in the final exam will entail a fail mark in the current call.
- The pass mark for each assessment technique will be 5 out of 10, that is 2.5 out of 5. Therefore students will have to get at least a 50%, so that the partial mark obtained in every assessment technique can be added to their final mark.
- Those students who do not actively participate in and cooperate with their working group in the completion of the assigned tasks, either in or outside of the classroom, must complete them individually and therefore they will be individually assessed too. The assessment and the corresponding mark will be in this case individual, not in group.
- The Communicative Competence (B2) will be assessed through the different evaluation techniques.
- All the tasks will be uploaded to the campus. All those sent by email, won't be corrected.

- One of the language skills that is assessed in a language course like this is accuracy and control - what can also be described as "correctness".

Although some errors may not affect the marks from the assessment techniques significantly, systematic repetition of basic errors will, and may even lead to a fail mark ("suspense").

It is strongly recommended that you study the following list and make sure you do not make these mistakes repeatedly:

- 1.- Using modal verbs with a full infinitive, e.g. *You should to tell her the truth.
- 2.- Sentences without a subject (noun or pronoun), e.g. (You) *Shouldn't listen to her.
- 3.- Wrong use of possessives pronouns and determiners. E.g. *She should think about your own future. 4.- Wrong use of personal pronouns: him / her / he / she. E.g. *Give it to she.
- 5.- Wrong concordance subject-verb, especially 3rd person singular Present without -s. 6.- Wrong use of auxiliaries. E.g. *She don't can speak French.
- 7.- Adjectives after (not before) nouns, e.g. *A house big.
- 8.- Writing *"I'm agree" instead of "I agree".
- 9.- Making "plural" adjectives, when they are invariable. E.g. *She has differents ideas.

CRITERIOS PARA 2ª CONVOCATORIA

- The marks from the assessment techniques already passed in the 1st call will be kept for the July call, but not for subsequent calls.
- Students who have to hand in work or assignments in the extraordinary call will do so individually, even if they have been done as a group during the course. These papers shall be due on the same day as the extraordinary exam or some days before but never after the day of the exam.

ALUMNOS DE SEGUNDAS Y SUCESIVAS MATRÍCULAS

The students who have not passed the subject in the first or second call will have to take an exam including all the content in the subject. This written test will account for the 50% of the final mark. Likewise, they will have to hand in a Project meeting the guidelines given by the teacher on the date of the official exam. The project will account for another 50% too.
