#### 4.- CONTENIDOS

UNIT 1. Teaching English to Very Young Learners

UNIT 2. Classroom Management and Classroom Language.

UNIT 3. Language Skills and Teaching Resources.

UNIT 4. Lesson Planning and Assessment.

#### 5.- METODOLOGÍA DOCENTE Y ACTIVIDADES DE APRENDIZAJE

A set of key principles, strategies, resources and activities for teaching English in the Pre-primary classroom will be critically analysed and coherently implemented.

- Students will work in a collaborative way in the methodological planning, integrating the linguistic skills that children will work in the classroom to learn English as a second language.

- The teacher's explanations will be in English and complemented by practical activities developed by students in small groups.

- Audio visual material will be used in class to show good practices in the Primary classroom to the students.

- The search and management of course content will be shared both by the teacher and the students alike, thus the flipped classroom model will be adopted. This means that the effort of the teaching-learning process will be partially transferred outside of the classroom so that the class time enhances more complex cognitive processes which may result in a more significant learning.
- Teacher's work - through presentations, explanations and clarifications - will be complemented with practical tasks that students will complete either individually or in small groups.
- Students will work in a cooperative way, especially in the design of their didactic planning, also integrating the language skills, the thinking routines and the multiple intelligences.
- Students will put into practice some thinking techniques like the logic wheel or the interview.
- Students will perform some techniques typical of cooperative work like the rotating paper or 1-2-4.
- Other methodological strategies will be Problem Solving and Project work, which will be supported by the use of graphic organizers.
- Students will work on their communicative competence in English, including the linguistic competence, the pragmatic competence and the sociolinguistic competence.
- Students are expected to actively participate in the class, thus contributing with their own ideas or experiences in a critical way

6.3.- Criterios de Evaluación
<p><b>GENERALES:</b></p> <ul style="list-style-type: none"> <li>• Para obtener la nota final aprobada, es necesario alcanzar al menos el 50% de la puntuación máxima en cada una de las técnicas de evaluación.</li> <li>• Para la cita y referencia de fuentes de información de los trabajos académicos, los alumnos deben seguir las recomendaciones de las normas APA 7ª ed.</li> <li>• El plagio y los intentos de engaño en las técnicas de evaluación supondrá la pérdida de la convocatoria en curso.</li> <li>• Entendemos que el alumnado universitario tiene asumidas las capacidades lingüísticas en relación a la expresión oral y escrita. Por tanto, es primordial y obligatorio la corrección ortográfica (ortografía, acentuación y puntuación), gramatical y léxica en los trabajos y exámenes realizados como condición imprescindible para superar la asignatura. Este criterio será detallado en cada una de las técnicas de evaluación</li> </ul> <p>Sin embargo, quedarán exentos de la aplicación de este criterio de calificación todas aquellas personas que acrediten presentar una Necesidad Específica de Apoyo Educativo acreditados a través del SOUAE.</p> <p>Students will take into account general and common evaluation criteria applied in other subjects as well:</p>

- Plagiarism in any course task and the attempts to cheat in the final exam will entail a fail mark in the current call.
- A minimum of 5 (50%) out of 10 (100%) must be obtained in order to pass both the course and every assessment technique.
- Those students who do not actively participate in and cooperate with their working group in the completion of the assigned tasks will have to complete them individually and therefore they will be individually assessed too.
- The Communicative Competence (B1) will be crosscurricularly assessed through the different evaluation techniques. Therefore, one of the language skills that is assessed in a course like this is language accuracy and control-what can also be described as “correctness”.

Although some errors may not significantly affect the marks from the assessment techniques, systematic repetition of basic mistakes may and will lead to a fail mark in the corresponding assessment technique.

It is strongly recommended that you study the following list and make sure you do not make these mistakes repeatedly:

- 1.- Using modal verbs with a full infinitive, e.g. \*You should to tell her the truth.
- 2.- Sentences without a subject (noun or pronoun), e.g. (You) \*Shouldn't listen to her.
- 3.- Wrong use of possessives pronouns and determiners. E.g. \*She should think about your own future. 4.- Wrong use of personal pronouns: him / her / he / she. E.g. \*Give it to she.
- 5.- Wrong concordance subject-verb, especially 3rd person singular Present without –s. 6.- Wrong use of auxiliaries. E.g. \*She don't can speak French.
- 7.- Adjectives after (not before) nouns, e.g. \*A house big.
- 8.- Writing \*‘I’m agree” instead of “I agree”.
- 9.- Making “plural” adjectives, when they are invariable. E.g. \*She has differents ideas.

#### **CRITERIOS PARA 2ª CONVOCATORIA**

La nota de todas las técnicas aprobadas se guarda para segunda convocatoria teniendo que recuperar las técnicas suspensas.

- The students who have not passed the course in the 1st call must resit only the pending assessment techniques for the 2nd call.
- Marks from the assessment techniques already passed in the 1st call will be kept for the 2nd call, but not for subsequent calls/years.
- A minimum of 5 (50%) out of 10 (100%) must be obtained in order to pass both the course and every assessment technique.
- All pending tasks will be recovered and assessed-either individually or collectively-following the very same guidelines given when carried out during the course, expect for presentations that will be recovered by recording the students themselves and sharing the video with their teacher.

#### **ALUMNOS DE SEGUNDAS Y SUCESIVAS MATRÍCULAS**

- The students who did not pass the course during the first year they were enrolled in must comply with the following assessment plan in subsequent years:
  - a) take a written test / final exam on the same date as their classmates. This written test will account for 50% from the final mark.
  - b) submit a project, meeting the guidelines given by the teacher, on the date of the official exam too. The project will

account for another 50% from the final mark.

- A minimum of 5 (50%) out of 10 (100%) must be obtained in order to pass both the course and every assessment technique.

- The students themselves are responsible for their own learning process. This means they must contact the teacher at the course start, so that they can be closely informed about the requirements they must meet in order to pass the course, that is, the work plan and the guidelines for the assessment techniques.

\* Para el alumnado de segundas y sucesivas matrículas se tendrán en cuenta los criterios generales de evaluación.
