6.- EVALUACIÓN

6.1. Criterios de Evaluación

Con el objetivo de constatar la adquisición de las competencias descritas, se emplean técnicas de evaluación variadas. Para obtener la nota final aprobada, es necesario alcanzar al menos el 50% de la puntuación máxima en cada una de ellas.

Se tendrá en cuenta la asistencia regular del estudiante (no menos del 75%) para la calificación, tanto en primera como en 2ª convocatoria, de las técnicas de evaluación que requieran presencialidad.

Es decir, aquellas técnicas que evalúan competencias como destrezas de trabajo en equipo, estrategias de comunicación interpersonal y oral, en otras, requieren la participación activa del estudiante en el desarrollo de las clases. Además, por su propio carácter (trabajos y casos prácticos grupales, exposiciones, debates...) no pueden ser realizadas en otro momento ni sustituidas por otras.

El profesor, en el desarrollo de su docencia, podrá incluir requisitos de evaluación para las diferentes técnicas que se detallarán en las plantillas o rúbricas de evaluación pertinentes.

CRITERIOS COMUNES DE CORRECCIÓN

Penalización del plagio o intentos de engaño en las técnicas de evaluación, suponiendo la pérdida de la convocatoria. El docente estimará si precisa aplicar técnicas complementarias en caso de detectarlo.

Realización y entrega en fecha y forma establecida las actividades y trabajos encomendados.

Para la cita y referencia de fuentes de información de los trabajos académicos, el alumnado debe seguir las recomendaciones de las normas APA 7º Ed.

Ortografía en los trabajos académicos y en las pruebas escritas: Entendemos que el alumnado universitario tiene asumidas las capacidades lingüísticas en relación a la expresión oral y escrita. Por tanto, es primordial y obligatorio la corrección ortográfica (ortografía, acentuación y puntuación), gramatical y léxica en los trabajos y exámenes realizados como condición imprescindible para superar la asignatura.

En los criterios de evaluación, se atenderán las indicaciones que el SQUAE haga llegar al profesorado del alumnado con Necesidad Específica de Apoyo Educativo

The common evaluation criteria applied in other subjects will be followed:

- Plagiarism in any course task and the attempts to cheat in the final exam will entail a fail mark in the current call.
- A minimum of 5 (50%) out of 10 (100%) must be obtained in order to pass both the course and every assessment technique.
- The Communicative Competence (B1) will be assessed through the different evaluation techniques. Therefore, one of the language skills that is assessed in a course like this is language accuracy and control-what can also be described as “correctness”.

Although some errors may not significantly affect the marks from the assessment techniques, systematic repetition of basic mistakes may and will lead to a fail mark in the corresponding assessment technique.

It is strongly recommended that you study the following list and make sure you do not make these mistakes repeatedly:

- 1.- Using modal verbs with a full infinitive, e.g. *You should to tell her the truth.
- 2.- Sentences without a subject (noun or pronoun), e.g. (You) *Shouldn't listen to her.
- 3.- Wrong use of possessives pronouns and determiners. E.g. *She should think about your own future.
- 4.- Wrong use of personal pronouns: him / her / he / she. E.g. *Give it to she.
- 5.- Wrong concordance subject-verb, especially 3rd person singular Present without –s. 6.- Wrong use of auxiliaries. E.g. *She don't can speak French.
- 7.- Adjectives after (not before) nouns, e.g. *A house big.
- 8.- Writing *‘I’m agree’ instead of ‘I agree’.
- 9.- Making “plural” adjectives, when they are invariable. E.g. *She has differents ideas.

ALUMNOS DE SEGUNDAS Y SUCESIVAS MATRÍCULAS

Para el alumnado de segundas y sucesivas matrículas se tendrán en cuenta los criterios generales de evaluación.

- The students who did not pass the course during the first year they were enrolled in must comply with the following assessment plan in subsequent years:
 - a) take a written test / final exam on the same date as their classmates. This written test will account for 50% from the final mark.
 - b) submit a project, meeting the guidelines given by the teacher, on the date of the official exam too. The project will account for another 50% from the final mark.
- A minimum of 5 (50%) out of 10 (100%) must be obtained in order to pass both the course and every assessment technique.
- The students themselves are responsible for their own learning process. This means they must contact the teacher at the course start, so that they can be closely informed about the requirements they must meet in order to pass the course, that is, the work plan and the guidelines for the assessment techniques.
